

Who we are?

Dubai FDI, the Dubai Investment Development Agency in the Department of Economic Development (DED)-Government of Dubai, provides guidance, support and hands-on help for foreign investors looking to build a successful business in Dubai.

Dubai is well established as the prime destination for multinational corporations to set up their regional base and serve the high growth markets in the Middle East, Africa and South Asia most efficiently. Its global reputation as a wealth generator and investment stronghold continues to drive the city's growth. Dubai is also an ideal launch pad

and complete growth ecosystem for small and medium enterprises across diverse sectors.

As a non-profit partner, Dubai FDI works alongside new ventures and existing companies to ensure their smooth journey towards solid and sustainable success. We assist and guide on all aspects of business decisions, from identifying opportunities across key sectors and determining the best legal structure to connecting investors to a vast network of government and private sector facilitators and clients.

Why Dubai?

A successful economic diversification strategy and world-class infrastructure have opened up avenues for investment and uninterrupted business growth in and out of Dubai. Economic development in Dubai is essentially linked today to critical sectors such as Manufacturing, Logistics, Information Technology, Retail, Travel, Tourism, Healthcare and Education, in addition to a strong focus on Green Technologies.

Dubai FDI works to promote and facilitate investment in the key sectors identified by the emirate's leadership and bring in as many businesses as possible to capitalise on the progressive and enabling environment in Dubai.

Our support and assistance include:

Advice

Dubai FDI advises on all aspects of setting up businesses and branches and facilitates the process, from identifying the right location and evaluating free zone options to securing licenses. Investors and foreign companies have a vast number of business options in Dubai. Dubai FDI not only shows them the right direction, but also walks alongside them as they prepare to do business in Dubai, offering advice throughout their journey. Expert advice is also provided on finance, ownership and legal matters which are invaluable when negotiating a new market.

Support

Dubai FDI manages many processes in launching and building a business, which can often be both time-consuming and confusing elsewhere. These include government administration, assessment and approval procedures, among many others. Whether it is opening a branch, beginning a new specialist business or taking advantage of the knowledge economy potential, Dubai FDI will provide the support needed at each stage.

Networking

Dubai FDI has a vast network of professionals who can place companies in a complete growth environment that has the right contacts and partners. This support also provides foreign businesses with the perfect grounding to understand the local, regional and international market potential and identify the best economic opportunities.

We thank you for your interest in knowing about Dubai FDI and its services. It is also our pleasure and privilege to welcome you to Dubai, one of the most competitive and vibrant commercial locations on the globe today. Dubai FDI would like to share our knowledge and expertise with you to help you invest in Dubai and make the best use of your presence in this regional hub. Dubai FDI is always at hand, either online, by telephone or in person at our offices.
