

Varsha Viswanathan our new Client relations manager joins us from Mumbai; here are few words she would like to describe herself.

Being a post graduate in law (from India) and an Associate Company Secretary (ICSI, India), having 7+ years of work experience, I am an avid reader and a sport enthusiast. I love to travel and explore and look forward to my journey with CBS- onwards and upwards. I would primarily work towards fostering client relations and thereby further our company's mission. Love watching movies and Netflix, adore pets and I stay healthy by eating chocolates (Lol).

Kunal Kumar Tamang marketing Intern joins us from University of Dubai, let's hear it from him.

I am Kunal 21 years of age; I've been living in Dubai all my life. My hobbies include travelling which I feel is something each and every individual should experience to broaden one's perspective and not only explore destinations but also experience new things one may love. I have recently been to Turkey and my love for travelling to new destinations never ends. My other hobbies also include watching TV shows, trying new places to eat everyday (Not so much that it hurts my wallet) and competitive Go Karting. I am currently studying in University Of Dubai, majoring in Marketing.
