The Corporate Group and its Subsidiaries

The Corporate Group (TCG) was formed in 2016 as a new company to manage the existing businesses of its subsidiaries whose founding entity was formed in 2007.

TCG is dedicated to increasing the portfolio of its subsidiaries and creating new entities focusing on delivering services to clients and partners.

Vision

To be regarded as the most trusted, ethical and comprehensive resource provider for companies being established in the Middle East.

Mission

Supporting our clients impeccably with in-house professional talent and innovative solutions, technology and through our network of valued partners in all sectors.

Dedicated to excellence so that our clients and stakeholders grow and prosper sustainable businesses.

Providing unrivalled superior added-value services efficiently.

CBS offers professional services pertaining to business setup and company formation solutions.

Our expertise provides all-in-one solutions for business setup and post licence services including document clearing, logistics, as well as other corporate services.

As business operations mature, CBS continues its advisory, consultancy and support services for incorporated entities as required. Our network of professional entities doing business with one another creates a vibrant business community within CBS itself.

Our Services:

- Business setup & company formation
- Business consultancy and advisory
- Document clearing
- Corporate support services
- Logistics services
- Government relations management
